

Jorenne Japson Flores

(510) 565-2148 | jjflores@ucsd.edu | <https://jorennejf.github.io/>

Education

University of California - San Diego Expected Graduation: Jun 2018 Sep 2014 - Present
B.S. Cognitive Science Specializing in Human-Computer Interaction & Minor in Computer Science GPA: 3.3/4.0

Related Coursework:

- Advanced Data Structures
- Computer Graphics
- Interaction Design
- Cognitive Design Studio
- Discrete Mathematics
- Mathematics for Algorithms & Systems

Skills & Technology

- Java
- C, C++
- C#
- HTML & CSS
- JavaScript
- UNIX
- Unit Testing
- OpenGL
- MATLAB
- Unity
- Final Cut Pro
- Google SketchUp
- Autodesk Inventor, Meshmixer
- Adobe Creative Cloud
- Microsoft Office

Projects

Geographical Digital Graffiti Web App In Progress

- Works with a team of 4 to design prototypes and apply those designs using JavaScript, HTML, and CSS
- Implements map and drawing APIs to link digital graffiti to users' geographical location

Restaurant Chooser Web Application Nov 2016

- Designed and tested an appropriate user interface using Google Analytics and A/B testing
- Programmed the functionality of the application using Google Places API

Virtual Reality Environment Sep 2016

- Created a full-scale 3D model of U.C. San Diego's Digital Media Lab through Google SketchUp
- Implemented VR components onto environment with Unity to work on HTC Vive headset and controllers

Experience

Web/Graphic Design Intern ticktBox Enterprises LLC Apr 2017 - Present

- Designs for a variety of platforms including smartphones, tablets, and web browsers
- Executes client projects with the Creative Director and Creative Team
- Designs web pages, graphics, multimedia, and GUIs

Digital Media Consultant UCSD Library Learning Spaces Feb 2016 - Present

- Provides first-level in-person support and guidance regarding software, 3D printing, and virtual reality uses as well as media project planning for students, faculty, and staff
- Assists with special projects and develops promotional material

Advisor Intern UCSD Society of Asian Scientists & Engineers Oct 2015 - Jun 2016

- Created a study group program that allowed members to meet other students in the same classes/major
- Improved team dynamic of the SASE Officer team by planning quarterly retreats and assisting other officers

Paid Research Intern Stanford University Jun 2013 - Aug 2013

- Assisted in a civil engineering research project by creating and analyzing maps to determine the impact of earthquakes on bridges intersecting bay area transit networks
- Created a scientific research poster to display at Stanford's research poster reception
